Sacramento, CA 95814

Phone: (916) 446-4961 - fax (916) 446-0875

e-mail: loaves@pacbell.net

Maryhouse, a program of Loaves & Fishes, is a daytime shelter for homeless women and children;

it is a home for the homeless. We provide individual counseling to each woman to help her identify and take the next step from homelessness into hope. Maryhouse offers a wide range of assistance, from the

practical- showers, diapers, toiletries, breakfast and lunch- to the life changing- classes and support groups.

At Maryhouse, there are three different ways to offer help: by volunteering your time, by providing financial support, and by donating necessary supplies.

Top Ten, which is a SIG with SACWN makes donations to Maryhouse every year. If you would like to help out, please bring and clothing, travel size shampoo, hand lotion, or other items to the next Top Ten event. Betty and Dot will see that they are delivered to Maryhouse.

### Good in Adversity

In "As You Like It", Shakespeare wrote:

*Sweet are the uses of adversity,  
Which like the toad, ugly and venomous,  
Wears yet a precious jewel in his head; And  
this our life, exempt from public haunt,  
Finds tongues in trees, books in the running  
brooks,  
Sermons in stones, and good in every thing.*

## The Latest Legislation Related to LGBT Community

### Lambda Letters Project

Lambda Letters is a statewide, 502(c)(4) nonprofit, lobbying organization.

#### Mission Statement

Their mission statement is to urge elected officials to support legislation to end discrimination and to enable all people to gain full and equal access to education, health care, and the economic opportunities of this nation. The primary focus is on lesbians, gays, bisexuals, transgenders, the intersexed, people living with or affected by HIV/AIDS, people of color and women.

#### How Do They Accomplish This?

They inform members of the issues and then help people write, E-mail, FAX, and phone elected official urging them to do the right thing. In 2002 our members sent almost 218,000 letters and E-mail messages to elected officials.

In just the first four months of 2003 Lambda Letters **delivered over 66,000 letters** and e-mail messages to elected officials. This is about 12,000 more than was delivered at the same time last year. Here are some **comments from legislators** about the work that you and Lambda Letters do together:

"Lambda Letters' activities have often been a crucial factor in determining whether a particular bill passes or fails." (Senator Sheila Kuehl, D-Los Angeles)

"As a former legislator, I know the impact of grass roots activism. I proudly support the Lambda letters project because it provides a voice for the voiceless."

(Dennis H. Mangers, Lobbyist, former legislator)

### 25 new domestic partners signed up at the SACWN booth - Thanks Cindy!

#### Domestic Partnership

Since the latest legislation (AB 205) has passed related to Domestic Partnership, these are the following rights Domestic Partners now have once they have signed the agreement. Previous rights granted were: inheritance, hospital visitation, the right to make medical decisions for an incapacitated partner, the right to sue for wrongful death, and the right to adopt a partner's child.

The newly passed bill includes a partner's right to community property -half the income and property acquired by the other partner during the relationship - and to child custody, child support and alimony after separation, on the same terms as spouses.

The bill also provides a Family Court proceeding, similar to divorce, for domestic partners who split up after at least five years of partnership, or who have children or substantial property together. Other domestic partners would end their legal relationship by filing a statement with the secretary of state, as current law allows.

The legal rights & responsibilities of domestic partners will change SIGNIFICANTLY once AB 205 goes into effect on January 1, 2005. It is important for you to BE INFORMED about these changes. To download a brochure highlighting many of these changes, go to:

[http://www.eqca.org/pressreleases/ab205\\_dpbrochure.pdf](http://www.eqca.org/pressreleases/ab205_dpbrochure.pdf)

## From Here and There - And A Community Service

### **SIGLFF's Various Offerings (with quotes from their booklet)**

Thursday, October 9 is the film: No Secret Any More: The Times of Del Martin & Phyllis Lyon. This is a 55 minute documentary and tells the story of these two legendary founders of the modern lesbian civil right movement. The film tenderly chronicles their enduring passion and political activism through archival photos, interviews and cinematic surprises.

Friday, October 10 is the film: Yes Nurse, No Nurse. This film received a Winner Audience Award for Best Feature at the 27th San Francisco lesbian & Gay Film Festival. It's a delightful Dutch treat of musical homage to the 60s, Amsterdam style! With Busby Berkeley-style title sequence featuring nurses instead of chorines..and an opening number that Variety described as "...a cross between "The Umbrellas of Cherbourg" and "Singing In the Rain" in inspiration and posér-color look: and praised for its "lightness" and cheerful cheesiness...that's just right".

Saturday, October 11 is the film: Ten Rules (A Lesbian Survival Guide). This hysterical directorial debut has all the dyke drama you can imagine. What do you expect when your friends are also your dating pool?

Saturday, October 11 is the film: Prey for Rock & Roll. Sassy dialogue and superb story telling make this movie entertaining and unforgettable. It's a story about Jacki, the lead singer of the all-woman rock-and-roll band, Clamdandy. She packs both attitude and despair in not having "made it" despite 10 years playing the L.A. club scene. It's a real and sometimes raw portrayal of women trying to make it in the tough business of music entertainment.

## Six Things to Consider When Purchasing Long-Term Care Insurance

In 1900, the average U.S. life expectancy was 47 years old. Just think, a 45 year-old would have been a senior citizen. Today, a baby born in America will live an average of 73 years. That's quite an improvement.

As America has aged, our social landscape has changed, as well. We now have senior citizen centers, retirement communities and all sorts of programs and activities that cater exclusively to seniors. We also have many more nursing homes and long-term care facilities to provide care for the elderly.

If you think professional health care is something you'll never need, you may want to reconsider. According to the National Association of Insurance Commissioners, 43 percent of Americans over the age of 65 will spend the time in a nursing home. Unfortunately, the average annual cost of stay is \$50,000, and these costs are rising more quickly than the rate of inflation.

What can you do to protect yourself and your family from the potentially devastating cost of an extended nursing-home stay? One answer is to purchase long-term care insurance. Thanks to Congress, purchasing long-term care may offer tax benefits. For example, you may be able to deduct long-term care insurance premiums (subject to certain limits) just like any other medical expenses that exceed 7.5 percent of adjusted gross income. This tax break applies to all long-term care policies issued before 1997. Those issued on or after Jan. 1, 1997, must meet federal guidelines to be excluded from taxable income.

If you think long-term care insurance may be a good investment in your future, you need to shop around and compare policies from several reputable companies. Here are six features to look for when making your comparisons:

**A Highly Rated Company** - Choose a long-term care insurance provider that is highly rated by respected rating agencies. Look for at least an "A" rating from A.M. Best and at least an "A+" by Standard & Poor's and Duff & Phelps.

**No Age Limit** - Look for a policy that pays benefits regardless of your age when you file a claim. There should be no age cap for filing benefits once you're covered by a policy.

**Coverage for All Levels of Care** - Make sure your policy pays benefits for all levels of care, from short-term skilled nursing to long-term custodial care.

**Parkinson's, Alzheimer's and Senility Coverage** Unfortunately, no policy will cover these problems if they are pre-existing, but many policies do offer coverage when these conditions affect existing policyholders. Look for a policy that does.

**Stable Premiums** - Most companies reserve the right to increase premiums for a group of class of policy holders but do so infrequently. Check to see how often the company you're considering has raised rates. If there is a history of frequent rate increases, look elsewhere for coverage.

**Claims Payment History** - Be certain that the company has a solid record of paying claims and providing timely service. Some companies audit and publish their historical claims record track record annually.

These are a few things to look for in long-term care insurance. Once you've decided which policy you want, buy the insurance from someone you can trust.

Here's a final bit of advice about long-term care insurance. Some policies offer attractive features and low premiums, but it's important to remember that you're buying a benefit that you may not use for many years. Rate increases and inadequate service will quickly cancel the benefit of low initial premiums, so don't base your decision on cost alone.

Today, we're living longer and healthier lives than ever, but we still must face the fact that living longer sometimes carries a price. Take control of your future. Do your homework and learn how long-term care insurance can help you prepare for whatever lies ahead.
